## Report - Youth Fest

Date : 18/8/24

Rahul College of Education proudly participated in the recent inter-collegiate Youth Fest, showcasing the creative and cultural talents of its students through various competitions. The students engaged in activities such as cartooning, Hindi storytelling, Marathi story writing, Hindi story writing, jackpot, and mehendi design, displaying a broad spectrum of artistic and linguistic skills that align with the United Nations Sustainable Development Goals (UN SDGs) and the National Education Policy 2020 (NEP 2020).

### Aligning with UN SDGs and NEP 2020

The participation in Youth Fest directly supports UN SDG 4 (Quality Education) by encouraging students to explore expressive mediums beyond traditional academics, promoting holistic development and skill-building. NEP 2020 emphasizes creative expression and the importance of regional languages and cultural engagement, which were well-represented in our students' participation in Hindi and Marathi storytelling and writing. Events like cartooning and mehendi design foster artistic skills and cultural appreciation, aligning with NEP 2020's call to integrate local art forms and knowledge into education.

### Events and Performances

1. **Cartooning:** Students showcased their creativity through cartoons, using visual narratives to convey stories, messages, and cultural themes.
2. **Hindi and Marathi Storytelling and Story Writing:** This category celebrates linguistic diversity, allowing students to express regional stories, which enhances cultural understanding and supports language preservation.
3. **Jackpot:** The jackpot round added an element of teamwork and quick thinking, encouraging collaboration and decision-making skills.
4. **Mehendi Design:** Students explored traditional Indian art through intricate mehendi designs, celebrating a cultural art form.

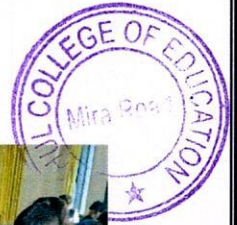

Through these activities, students not only represented the college but also reinforced the institution's commitment to inclusive, quality education that embraces culture, creativity, and holistic growth in alignment with global and national education goals.
