Discover more with Design Registrations: Masterclass on Patents and Design Registration

Date : 22/04/2025

Activity : MIC Driven

Faculty : 4

Students : 55

As part of the IP UTSAV celebration, the Ministry of Education's Innovation Cell (MIC) conducted a series of expert online talks from 21st to 26th April 2025. The second session titled **"Discover More with Design Registrations: Masterclass on Patents and Design Registration"** focused on educating students and innovators about the importance of intellectual property protection.

The session was led by **Prof. B.K. Chakravarty**, who explained how design ideas often emerge from a specific need and how they can be developed into protectable assets through design registration. He emphasized real-world examples and encouraged creativity driven by societal demands. The next part of the session, a **Masterclass on Patents**, was delivered by **Prof. Gauri Gargate**, who provided an overview of the **Intellectual Property Rights (IPR) Act**, focusing on the patenting process, legal aspects, and the significance of protecting original inventions.

Learning Objectives:

1. To understand the process of design registration and patent filing.
2. To gain knowledge of the legal framework under the IPR Act.

Learning Outcomes:

1. Participants understood how to transform ideas into legally protected designs or patents.
2. Learners became aware of the steps and documentation required for filing under IPR.
