Report : Environment Day Celebration

Date : 9/06/25

Mode : Offline

No. of Participants : 40

Objective of the Event:

The main objectives of the Environment Day celebration were:

- To raise awareness among students about pressing environmental issues.
- To encourage creativity and expression through a poster-making activity.
- To promote a sense of responsibility and proactive environmental behavior.
- To inspire students to adopt sustainable practices in their daily lives.

Event Summary: On 9th June 2025, Rahul College of Education observed *World Environment Day* with great enthusiasm and commitment. The event witnessed active participation from students who joined hands to celebrate the day with the theme of *environmental protection and sustainability*.

The celebration began with a **Poster Making Activity**, where students showcased their creativity and concern for the environment. Thought-provoking posters on topics like **climate change, plastic pollution, deforestation, renewable energy, and conservation of resources** were displayed. The activity provided a platform for students to voice their environmental concerns through art. The event was graced by **Principal Dr. Frances Vaidya**, who delivered an impactful and motivating speech. She emphasized the need for urgent action towards environmental conservation and reminded students that change begins with individual efforts. Her speech highlighted the importance of adopting eco-friendly habits such as reducing the use of plastic, conserving water, planting trees, and leading a more sustainable lifestyle.

Outcome of the Event:

- Students gained deeper awareness of current environmental challenges.
- The event fostered environmental responsibility and sensitivity among future educators.

- The creative activity allowed students to express their environmental concerns and ideas.
- The event encouraged the adoption of small but impactful actions for environmental conservation.
- The celebration instilled a sense of duty to protect the planet and spread the message of sustainability within their communities.

Conclusion: The *Environment Day Celebration* at Rahul College of Education was a successful and meaningful event. It not only enlightened students about ecological issues but also motivated them to act as change-makers. The creative and reflective engagement ensured that the message of environmental stewardship resonated deeply, paving the way for a generation of environmentally conscious educators.
